

## PlusExtend 11 Series

The PlusExtend 11-10A-12M is a Surge Protector rated at 10 Amps, it provides overload protection through power switch with built-in resettable circuit breaker. Built in MOV excess electricity for additional protection. The PlusExtend 11-10A-12M can provide reliable protection from power surges and damaging spikes to guard your small appliances and sensitive electronics.

- > Absorbs Excess Electricity through MOVs
- > Power Switch with Resettable Circuit Breaker
- > Fire Retardant Plastic Material
- > Provide Lightning, Surge, Overload Protection
- > Surge Suppression 900 Joules

### Specifications:

| MODEL                     | PlusExtend 11-10A-12M  |
|---------------------------|------------------------|
| INPUT                     |                        |
| AC Rating                 | 10 Amps, 110 - 240Vac  |
| Frequency                 | 50/60Hz (Auto-sensing) |
| Type of Input             | Nema5-15P plug         |
| Cable Length              | 1.2M (3.9ft)           |
| OUTPUT                    |                        |
| Type of Output: Nema5-15R | 4 receptacles          |
| INDICATOR                 |                        |
| POWER ON                  | Blue LED is ON         |
| PROTECTION                |                        |
| Surge Rating              | 900 Joules             |
| Overload Protection       | Yes                    |
| Power Safety Shutdown     | Yes                    |
